

LOBASOL® 

MarkantNature

Hardwaxoil

A natural wood look with many proven benefits

Two coats in roll application – Ready!

LOBASOL® MarkantNature combines the protection properties of a natural hardwaxoil with the trendy raw wood look. Its special formula does not amber the wood and gives the surface an untreated appearance. On top of that, the floor is given a smooth and full-bodied surface that effectively resists dirt and water.

Why homeowners are convinced of MarkantNature:

- Beautiful natural look of an untreated floor
- Smooth and full-bodied appearance
- Water and dirt resistant
- The floor is usable after only 24 hours
- Recommended for children's toys according to DIN EN 71-3

Why contractors are enthusiastic about MarkantNature:

- Ergonomic handling of roll applications
- Only two coats with optional intermediate sanding
- Safe and simple application
- Certified anti-slip according to BGR 181 and DIN 51130, evaluation class R10

Special feature

In addition to the pure application of MarkantNature, the interaction with the light colors of MarkantColor also offers several visual highlights. MarkantColor is then to be applied first and MarkantNature second after equalizing.

Range of use

Suitable for all light wood species as well as wood surfaces colored with light MarkantColor colors.

Application

- Apply MarkantNature thinly and evenly with the LOBATool oil roller 60–80.
- Overnight drying, minimum 12 to maximum 24 hours
- If necessary, intermediate sanding with LOBATool grid pad, then remove dust
- Apply MarkantNature thinly and evenly with the LOBATool oil roller 60–80.
- The consumption per coat is approx. 60–100 ml/m².

Art.-no. 10508-000009
